# **Paretologic Anti Virus Plus Review**

## Is ParetoLogic Anti Virus Plus a Scam? Is ParetoLogic Anti Virus Plus Safe to Install? Any Complaints?

Several complaints have been found in online forums - please see the "Consumer Feedback" section for details.

### Pros:

-ParetoLogic Anti Virus is certified by [West Coast Labs](#), which is a highly reputed, 3rd party software testing and certification company that only certifies software that meet their very stringent criteria.

-Free download of the software is available. [Click here to download free trial.](#)

### Cons:

-Some consumers report that this software slows down their system. We suggest that you schedule updates and scans to run at times when you're not using your computer (at night for example).

-Although many consumers have reported positive results with the use of this software, several negative comments were found - please see "Consumer Feedback" section below.

### Customer Feedback / Comments:

*"Somehow, I downloaded Pareto Logic Antivirus Plus. I uninstalled it. How do I get rid of a remaining message? The remaining message comes up once in a while and asks if I want to download the program ...At the time, I thought I was downloading a free program. I don't want it or the message. How do I keep it from showing up all the time?"* — Actual Consumer Comments from Yahoo Answers

*"Flagged manufacturer installed PC Doctor as malicious. Flagged several MS updates as malicious. Flagged segments of the operating system as malicious. Slowed my system down to 3 minutes to bring up control panel etc. Boot now took 7 min was 3 min"* — Actual Consumer Comments from Download[dot]com

*"This found even serious bugs others I tried missed. A massive database. Will not allow malware to enter while on internet. For those who do regular internet, bad nude or celebrity sites it will stop. Great support team that will reply."* — Actual Consumer Comments from Download[dot]com

*"Catches things missed by my regular anti-virus program."* — Actual Consumer Comments from Download[dot]com

*"Slowed my computer down so much it was almost unusable"* — Actual Consumer Comments from Download[dot]com
